Directions:

This location can be found in the Village at Shirlington.

The best way to reach it is to take I-395 to the Shirlington exit.

It is just 1/4 mile off the highway.

Parking Options:

Some spaces behind the Shirlington Village Shops just off South Quincy Street, down at the end of the block at the Theater. There is also a parking garage – available to non-permit vehicles after 1700 – directly behind the micro brewery on the back half of the block but spaces will be limited.
